

## 1894/1895/1896 Series Extra Heavy Duty Combo Plates

1894/1895

1896

### ABOUT THE 1894/1895/1896 SERIES

The 1894/1895/1896 Heavy Duty Combo Push/Pull Plate Sets are clean looking with no screw mountings on the surface of the plates, (inside or outside), offering a rugged but functional look with little places for dirt or bacteria to hide. Trimco's 1894/1895/1896 series can accommodate a variety of plate sizes, pull sizes and center-to-center dimensions to fit most any application.

#### FEATURES

- Manufactured in the United States in heavy duty 1/8" stainless steel, brass or bronze.
- Standard plate sizes are 3-1/2" x 15", 4" x 16", and 8" x 16".
- Custom plate sizes available.
- Pulls diameters are either 3/4" diameter or 1" diameter.
- Available in ADA compliant 6", 8", or 10" center-to-center pulls.
- Standard finishes are available.
- Round bevel on top and bottom of plates.

#### APPLICATIONS

- Retail & Strip Malls
- Commercial & Industrial Buildings
- Multifamily & Mixed-Use
- Government & Military Facilities
- Public Buildings & Facilities
