

1260 Series

Door Holders

1260W SHOWN

1261 SHOWN

The **1260 Series** stops and holders with options for floor and wall mountings offer the utmost in flexibility for most any application. The optional pipe mounted strike is especially effective where paving or steps fall away from the exit door.

APPLICATIONS

- Schools
- Public Buildings
- Commercial & Industrial
- Government & Military Facilities
- Retail & Strip Malls

DOOR, WALL & FRAME PROTECTION

PRODUCT FEATURES

- 1260 Series stops and holders offer the utmost in flexibility.
- 1260WP Strike/Holder combination is especially effective where paving or steps fall away from exit door. The pipe can be extended to any length (not practical over 2 feet) to catch and hold a door in the open position.
- Practical in schools, public buildings and factories.
- 12" long pipe can be supplied upon request.
