

AP311 Pull

AP314 Pull

ABOUT THE AP310 SERIES

Trimco's AP310 Series Pulls (formerly 1185 Series) are uniquely designed to make the world healthier, while being durable, flexible, and highly customizable. The AP310 Series Pulls come with adjustable standoffs for flexibility to fit a multitude of different center-to-center applications and they are customizable with different endcap finishes for multiple different design options.

FEATURES

- Available with Healthy Hardware[®] Copper Nickel alloy touch surfaces.
- Healthy Hardware (710) has appearance similar to stainless steel.
- Adjustable and configurable standoffs are versatile for use across many different center-to-center configurations.
- Configurable and customizable end caps are available in multiple sizes and finishes.
- 1-1/2" clearance conforms to ADA requirements for accessibility.

APPLICATIONS

- Retail & Strip Malls
- Hospitality
- Commercial & Industrial
- Multifamily & Mixed-Use
- Government & Military Facilities

BY TRIMCO

Notes

- * For J mounting option, specify Riv-Nut for metal doors or bushings for wood doors if required.
- ** Glass Door Mounting options for 3/8" & 1/2" door thicknesses require a W-Mount hardware kit.
- Mid post is recommended for OA's at or greater than 72".
- Standard CTC is OA less 6".
- Can be ordered with standoffs installed (S) or loose (L).
