1214CK

ABOUT THE 1214 SERIES

Trimco's 1214 Series floor stops includes standard rise, high rise and high-abuse options. The 1214CK school version was specifically designed for high-abuse and incorporates tamper resistant features including a countersunk rubber and optional 1268CK anchor plate.

FEATURES

- Three point attachment for increased durability.
- Replaceable rubber is countersunk to minimize exposed lip, and then securely attached with one (1) machine screw and two (2) escutcheon pins.
- 1214CK includes Torx screws and can be combined with the 1268CK anchor plate for high abuse applications.

APPLICATIONS

- Schools
- Office Buildings
- Government & Military Facilities
- Public Buildings
