

1035
Ultimate Restroom Pull

ABOUT THE 1035 & 1835 ULTIMATE RESTROOM PULLS

Trimco's 1035 and 1835 Ultimate Restroom Pulls are manufactured in North America by master craftsmen from stainless steel, bronze or brass. The ULTIMATE Restroom Pull utilizes the ADA compliant 1135 ultimate grip and is combined with a .05" or 1/8" Push Plate. The 1835 is a Push/Pull Set with welded posts on the push plate for back-to-back mounting. The pull has a special design that allows the user to pull the door open using their arm without having to "grip" the pull. The Ultimate Restroom Pulls are made with Healthy Hardware® - Bactericidal Copper and are also available in other finishes.

AVAILABLE FINISHES
